EMPLOYMENT

Yamaha Canada Music Ltd. is seeking a Product Marketing Manager for Live Sound and Music Production Products.

As a Product Marketing Manager, you will be responsible for the outbound marketing activities for your products, which include Yamaha Live Sound, Music Production, and related accessory products. You will craft the messaging and positioning for products. You'll conceive and develop innovative marketing programs that drive consumer and dealer demand. You are responsible for planning production, sales, and inventory for all products throughout their life-cycle. Attention to detail and an eye for quality, along with the ability to grasp and translate technical capabilities into benefits is crucial. In your role as a Product Marketing Manager, you will be the expert in buyers/customers, how they buy and their buying criteria, and will transfer that knowledge to the sales channel.

Product Lines:

Live Sound

- AG/MG/MGP Analogue Mixers/ Interfaces
- TF/TF RACK TIO1608 Digital Mixers and Dante Networking
- DBR/DXR/DSR Powered Speakers
- Stagepas Portable PA
- CBR Speakers
- EMX Powered Mixers
- PX Amplifiers
- Related accessories – stands, covers, etc. . .

Music Production

- AG Interfaces
- HS Studio Monitors
- Studio Headphones

DAW/Software

- Supports/Demonstrates products like Nuendo Live/Cubase in live sound and music production in customer use cases
- Related Apps such as Yamaha TF StageMix™ and Monitor Mix related to customer use cases

Show Networks and Control Systems

This completely revised, reorganized, and updated edition includes more than 30 new pages and dozens of brand new graphics, with dramatically expanded coverage of show networking technology and fresh real-world examples. Drawing upon his extensive experience in the field and classroom, author John Huntington clearly explains everything that goes on behind the scenes and inside the machines to bring bold visions to life in real-world settings.

The book offers an in-depth examination of the control and networking technology used in lighting, lasers, sound, stage machinery, animatronics, special effects, and pyrotechnics for concerts, theme parks, theatre, themed-retail,

cruise ships, museums, interactive performing arts, and special events.

If you work or have customers in the Live Events field, then you have to read this book!
